Reimagine our future: youth policies meeting new realities.

The role of the European Youth Card in connecting emerging topics with youth policy development.

18 -19 November 2021 (mornings)

Valletta, Malta

Thematic on-line seminar of the Partial Agreement on Youth Mobility through the Youth Card and the European Youth Card Association (EYCA)

Concept Note and Provisional Programme

eyca.org

Introduction

The seminar *"Reimagining our future: youth policies meeting new realities"* is organised as part of the 2021 work programme of the Partial Agreement on Youth Mobility through the Youth Card. It will offer policymakers and other stakeholders the space to debate and reflect on emerging topics that need to be addressed in youth policies and programmes, particularly through the European youth card scheme.

About the organisers

The **Partial Agreement on Youth Mobility through the Youth Card** exists since 1991 and is a programme of the Council of Europe¹ aimed at developing the youth card scheme, particularly at European level, in the best interests of young people with a view to facilitating their mobility as well as access to the various goods and services necessary for their personal and cultural development.

The **European Youth Card Association (EYCA)** groups 36 youth card organisations all over Europe and is the Partial Agreement's statutory partner. EYCA's vision is a Europe where all young people are mobile and active (socially, culturally, educationally and economically). EYCA's mission consists in delivering quality youth card services and in contributing to a better policy on youth mobility and active citizenship. Today, over seven million youth cardholders benefit from youth card opportunities.

Aġenzija Żgħażaġh (Malta) provides young people with the time and space to make friends, learn in new ways and develop their talents through its regional youth services and an extensive empowerment programme. Through an interactive youth information service, Aġenzija Żgħażaġh provides information on services and opportunities for young people as well as listening to their views on issues that impact their lives.

About the seminar

One of the priorities of the Partial Agreement on Youth Mobility for 2021 is to *"support and encourage innovation in youth work and youth services, especially in the context of COVID-19 challenges"*. The pandemic has led to major disruptions in everybody's life. As our societies try to get back to normal, policymakers and all those involved in youth issues need to address new challenges faced by young people in a pro-active way, through adapted youth policy development and tailored programmes for young people. Addressing the effects of the pandemic requires creativity and cross-sectoral approach in youth policy development.

The seminar aims to:

- a) Offer latest information (based on research) and inspiration (based on good practices) to policy makers regarding the new realities faced by young people;
- b) Create the space for debate, reflection, and partnership-building to address new and more complex challenges faced by young people;
- c) Explore the ways in which European Youth Card can be a tool to identify emerging topics in youth policy development and help reach out to beneficiaries (young people).

At the end of the seminar, participants will:

- Identify emergent topics that need to be addressed through youth policies, following the pandemic context;

¹ The Council of Europe is the leading Pan-European international organisation promoting inclusive, human-rights based youth policies.
